Richard Marsh from Barefoot introduced Caitlin and Carly, who are youth workers working in Whitleigh, Ernesettle, St Budeaux.

### 3. Updates;

Pippa informed the group that with the current covid restrictions they are both working from home and have reduced their hours

Pippa 2 days a week

Zoe 1 day a week

Zoe will be contacting her clients who live alone to see if they are fine or need any help, it was recognised that this bit of work is important "well done Zoe", the other part of Zo time is taken up working along 4 greens driving and delivering food parcels to people who need them the area they cover is Whitleigh, Ernesettle, Honicknowle

Pippa is running a zoom art class every Wednesday and links up with myself on a Friday morning Coffee morning on zoom which works very well

Pippa has contacted the hospital with a view of a company providing bike servicing FOC to staff at derriford.

I am in the process of contacting ambulance and fire brigade to see if we can support frontline staff by donating a “Basket of Goodies” for their commitment and effort whilst involved with covid 19, I am awaiting their reply.

As you no doubt know we were again un successful in getting the shop unit, so we move on.
